

TO Whom IT MAY CONCERN

In Jan 2007 I saw an advert in The Evening advertiser for The Muscle Clinic

For 2 years I had suffered terrible pain in my head neck shoulders & back. I went from Doctor to X Ray ultra Sound and 10 tablets a day and still pain every day

On my first visit to Peter Norrfield I went with a very open mind, my family said not to expect much. Now what a great surprise after 40 mins treatment what a difference

When I arrived at the Muscle Clinic I could not lift my right arm and I had to do it with the help of my left arm. I left a new

person I could lift my arm up to my head and the pain yes the pain was gone. I owe so much to Peter Norrfield and Natalie Mc Henry for a better quality of life. Thank-you from the bottom of my heart. My doctor got quite a surprise when he last saw me and I am no longer on medication

Yours with thanks
